THE LAUGH THAT LINGERS MORE THAN A GAME... IT'S A MODALITY.

Laughter as Medicine: Every laugh card activates breathwork, playfulness, and release.

Healing Without Effort: Even when “just playing,” players are boosting endorphins, reducing stress, and shifting energy.

Embodied Wellness: Builds resilience, mindfulness, and connection while disguising healing as fun.

Universal Impact: From classrooms to boardrooms, the lingering relief of laughter continues long after the game is over.
